THE UNIVERSITY

Boston College is one of the twenty-eight colleges and universities in the United States conducted by the Society of Jesus. The university traditions of Boston College are the product of four centuries of academic idealism and educational experience of the Society of Jesus which, since its foundation by St. Ignatius Loyola in 1534, has established and conducted institutions of higher learning in all parts of the world.

The foundation of Boston College arose from the foresight and energy of the scholarly John McElroy, S.J., the Superior of the first Jesuit community in New England. This community, still located in famous Old Saint Mary's in Boston, was established in 1849. Eight years later, with the Society's traditional devotion to higher education, Father McElroy secured a tract of land and erected a group of collegiate buildings on Harrison Avenue in Boston, the present site of the Boston College Preparatory School. He was assisted in the undertaking by an eminent group of civic leaders of all religious faiths, headed by the Honorable Alexander H. Rice, then Mayor of the City of Boston and subsequently Governor of the Commonwealth of Massachusetts.

Boston College was legally incorporated by an act of the Massachusetts Legislature, approved April 1, 1863, by the Bay State's great Civil War Governor, Honorable John A. Andrew. The charter authorized the Trustees of Boston College to confer all degrees usually conferred by universities in the Commonwealth, except medical degrees. This single restriction on the university charter was removed by legislative amendment, April 1, 1908.

The formal opening of Boston College was delayed by the outbreak of the Civil War, and for a time the buildings were used as a House of Studies for student members of the Society of Jesus. However, formal collegiate instruction was commenced on September 5, 1864, under the presidency of Rev. John Bapst, S.J., and the deanship of Rev. Robert Fulton, S.J. From the days of its auspicious foundation, Boston College has steadfastly predicated its growth upon a rigid adherence to the high scholastic standards which characterize the educational ideals and the university traditions developed by the Jesuit Order in its four hundred years of world-wide experience in conducting institutions of higher learning.

The year 1913 was most significant in the university development of Boston College. In that year, under the presidency of Rev. Thomas I. Gasson, S.J., one of the most beloved and far-seeing administrators in its history, the site of Boston College was transferred to the present extensive and picturesque campus on Chestnut Hill. University Heights, one of the most beautiful collegiate campuses in the United States, lies partly in Boston and partly in the City of Newton; it is adjacent to and overlooks the Chestnut Hill Reservoir. The buildings already erected there have been universally acclaimed as unsurpassed monuments of Collegiate Gothic in America.

Since the transfer of the campus to University Heights, other schools have been founded and added to the original College of Arts and Sciences. The Graduate School of Arts, Sciences and Education, the College of Business Administration and the Summer School of Arts and Sciences are also situated at University Heights. The Intown College of Arts and Sciences and Business Administration, the Law School, the School of Social Work, the School of Nursing and the Institute of Adult Education are conveniently located in downtown Boston. The School of Liberal Arts in Lenox is situated in the heart of the Massachusetts Berkshires. The School of Philosophy and Science and the School of Theology are situated in Weston, Massachusetts. The latter three schools are restricted to student members of the Society of Jesus. The internationally known Seismological Observatory is located on the Weston campus, about six miles from University Heights.

In April, 1949, the College under the presidency of Rev. William L. Keleher, S.J., expanded its Intown facilities by purchasing the building at 126 Newbury St., thus providing more adequate space and a permanent location for the Intown College, the Nursing School and the School of Social Work.

ACCREDITATION

Boston College is a member of or accredited by the following associations: The American Council of Education, The Association of American Universities, The New England Association of Colleges and Secondary Schools, The American Jesuit Educational Association, The National Catholic Educational Association, The American Chemical Society, The American Association of Schools of Social Work, The Association of American Law Schools, The American Bar Association, and The Regents of the University of the State of New York.

SYSTEM OF EDUCATION

The system of education followed at Boston College is similar to that of all colleges of the Society of Jesus. It is based upon the "Ratio Studiorum" or "Jesuit Plan of Studies" which is a code of laws, precepts and instructions for the guidance of officials directing a college and of professors and instructors in the classrooms. This system has as its purpose the full and harmonious development of all that is distinctively human in man. It does not consist, therefore, of mere instruction or the accumulation of knowledge, but rather it is that complete formation which aims to develop side by side the moral and intellectual faculties of the student. To improve the memory, to discipline the understanding, to strengthen the will, to refine the feelings, to cultivate the taste and form the manners,—this is the objective, and the result of this proper development of all the human faculties is culture.

In her Evening College, Boston College has formulated a program of studies which rests firmly upon this traditional Jesuit system of education. Such instruments of education are chosen as will effectively further that end.

These studies are chosen, moreover, only in that proportion and in such numbers as are sufficient and required. It is obvious that there is a real need in the world of today for men and women of true culture, men and women who have received a threefold equipment: the moral training so necessary for Christian character; the cultural training so necessary for intelligence and refinement; and the specialized training so necessary for leaders in the modern state.

The Evening College gives a position of honor to those instruments of culture,—Languages, History, Philosophy and Theology. Languages and History have always been held in esteem as leading factors in education. They are manifestations of spirit to spirit, and by their study and for their acquirement the whole mind of man is brought into widest and subtlest play. And in order that the student may perfect his study by a deeper insight into the fundamental causes and ultimate reality of things, a complete course of Scholastic Philosophy is given. This humanistic foundation is the basis of all Jesuit education, whether in the field of liberal arts or business administration.

GENERAL INFORMATION

BOSTON COLLEGE INTOWN

Boston College Intown is the co-educational evening division of Boston College where students who work during the day may obtain the college degrees of Associate in Arts, Bachelor of Arts and Bachelor of Science with major fields of concentration in English, Social Sciences, Accounting, and General Business Administration. The normal time taken by a full-time student for the completion of these degrees is three years for the degree of Associate in Arts and six years for the degree of Bachelor of Arts or Bachelor of Science. This may be reduced to five years by those students who wish to take courses in the day summer school or in the evening summer inter-session.

LOCATION

The College is located at 126 Newbury Street near Copley Square in the City of Boston. The offices are situated on the sixth floor. The College is equipped with a Library and Reading Room on the fifth floor of the building and a Chapel on the second floor. In close proximity to the Copley Square subway station and the Back Bay and Trinity Place railroad terminals, the College is easily accessible.

FACULTY

The Faculty is composed of the Jesuit Fathers and associate lay professors.

REGULAR SESSION

From September to June classes are held each evening except Saturday from 6:30 to 9:20 P.M. On Saturday classes are conducted from 9:30 A.M. to 12:20 P.M. for those who are free to attend.

INTERSESSION

During the intersession, classes are conducted on Monday, Tuesday, Wednesday and Thursday from 6:30 P.M. to 9:05 P.M. The intersession is conducted for five weeks during June and July.

SUMMER SESSION

In addition to the evening classes held during the regular scholastic year and during the intersession, day courses are conducted during a Summer Session at Boston College, University Heights, Chestnut Hill. The Summer School extends for a period of six weeks, during July and August.

RELIGIOUS TRAINING

The religious training at Boston College consists first of all in a general Catholic atmosphere which permeates the College life.

It also takes the form of religious instruction given during class periods which form an integral element of the curriculum. The College authorities believe that religious truths form a body of doctrines which are definite and certain and which may be taught and studied with as much exactness as Language or Philosophy and as scientifically as other branches of human knowledge. Hence the study of Religion is required of Catholic students and the courses in the evidences of Religion are conducted as lecture courses with class recitations, repetitions and examinations. The subject-matter of these courses is so arranged that during the college course the student sees the cycle of Catholic dogmatic and moral teachings. Opportunities are also offered to the student for retreats and various religious exercises conducted by the sodality, and the Chapel is available at all times for private devotion.

COUNSEL AND CONSULTATION

Two offices have been provided as consultation rooms. Students seeking spiritual counsel from a Priest of the Faculty or academic advice from any Professor or Chairman of Department may arrange at the central office for an appointment. Students may also arrange at the central office for appointments for consultation with the Dean or Registrar.

VOCATIONAL GUIDANCE AND PLACEMENT

Mr. George Donaldson, Director of the College's Placement Bureau, will interview each member of the Senior Class at the Intown College.

The Placement Office offers assistance in obtaining information about the nature and requirements of various business and industrial occupations as well as educational and professional positions. It also endeavors to learn of specific opportunities for permanent positions in these fields.

While the selection of a business position and the choice of a career must be left to the individual, the Office has information which enables it to assist the applicant in making an intelligent choice. Seniors are advised to avail themselves of the opportunity for guidance which is provided by the Placement Office.

THE STUDENT COUNCIL

The development of a mature spirit of student self-government is encouraged by the College. The Student Council is elected by the students, meets in regular sessions with the Dean and with his approval plans the student activities of the year.

SOCIAL ACTIVITIES

A social program of collegiate activities is encouraged by the College, and The Student Council through the Boston College Intown Club also provides occasional social programs at the College campus at Chestnut Hill.

ADMISSION REQUIREMENTS

In order to admit an applicant as a candidate for a degree, the Committee on Admissions must receive official documentary evidence that the student-applicant has successfully completed four (4) years of study in an approved secondary school and has been graduated with honorable dismissal by the school authorities with recommendations of good moral character. This testimony must reach the Registrar of the College by way of direct transit from the office of the Principal or Registrar of the secondary school from which the applicant has been graduated. Personal presentation of high school records by the applicant will not be accepted as a fulfillment of this requirement. In the event that the applicant has attended more than one high school, a transcript of his record in each of the schools attended must be submitted to the Registrar of the College in the manner above described. To satisfy entrance requirements the record of the candidate must show that a minimum of fifteen (15) high school units have been acquired in acceptable subjects.

"A unit represents a year's study in any subject in a secondary school, constituting approximately a quarter of a year's work.

"A four-year secondary school curriculum should be regarded as representing not more than sixteen units of work.

"This statement is designed to afford a standard of measurement for the work done in secondary schools. It takes the four-year high school course as a basis, and assumes that the length of the school year is from thirty-six to forty weeks, that a period is from forty to sixty minutes in length, and that the study is pursued for four or five periods a week; but under ordinary circumstances, a satisfactory year's work in any subject cannot be accomplished in less than one hundred and twenty sixty-minute hours, or their equivalent. Schools organized on any other than a four-year basis can, nevertheless, estimate their work in terms of this unit."
Amer. Univ. and Coll. Amer. Counc. on Educ., Marsh, P. 27.

SECONDARY SCHOOL UNITS REQUIRED FOR THE A.B. COURSE

The following high school units are required as a condition of admission to courses leading to the degree of Bachelor of Arts:

English	4
Latin	3
Mathematics	2
History	1
*Modern Language	2
Other Subjects (as listed)	3

SECONDARY SCHOOL UNITS REQUIRED FOR THE B.S. COURSE

English	4
Mathematics	2
History	1
*Modern Language	2
Other Subjects (as listed)	6
	—
	15

*Candidates who cannot present entrance units in any Modern Language may substitute credit in any of the subjects listed under Acceptable High School Units. Such students must begin a Modern Language at the College and continue it through the Intermediate and Advanced Courses.

ACCEPTABLE HIGH SCHOOL UNITS

A high school unit represents the satisfactory completion of a definite subject, e.g., English, which has been studied at least four hours a week for a full year comprising at least thirty-six weeks. A subject to which less time than this has been devoted, will be computed in proportionate fractions of a unit. Thus a course in History which has been studied only two hours a week for a full year, will be evaluated as constituting one-half ($\frac{1}{2}$) a unit in History. However, no credit will be given for a course which yields less than one-half a unit. The following is a list of acceptable high school units. The numerals indicate the maximum number of units acceptable in the specified subject.

English I (Grammar and Composition)	2	Intermediate German	1
English II (Literature)	2	Elementary Italian	2

ADMISSION PROCEDURE

1. Obtain a copy of the Boston College Intown application, which will be provided on request.
2. Fill in properly and completely the information desired on pages 1 and 4 of this form.
3. Take the application form to your secondary school principal with the request that he:
 - a) fill in the information desired on pages 2 and 3
 - b) mail the completed application form to the Registrar of Boston College Intown.

N. B. It is important that Secondary School Records come *directly* from the office of the principal to the Registrar of Boston College Intown. Records brought by students will not be accepted as official.

ENTRANCE EXAMINATIONS

All applicants for admission to degree work at Boston College Intown, in addition to satisfying the general entrance requirements, must successfully pass the entrance examinations conducted by the College. These examinations are held in June and September of each year.

THE WILLIAM J. MCGARRY, S.J., SCHOLARSHIPS

Four scholarships at the College of Arts and Sciences Intown are known as the William J. McGarry, S.J., Scholarships.

These scholarships were founded to honor the memory of the Reverend William J. McGarry, S.J., former President of Boston College, an eminent educator and outstanding scholar.

One is a full scholarship of two hundred dollars annually for six successive years. Another is a one-half scholarship of two hundred dollars annually for the first three years. Two more of two hundred dollars each are to be awarded annually to students for their first year.

Scholarship candidates must signify their intention to stand for the competitive examinations and must fulfill all the requirements of Entrance Procedure as outlined in this catalogue, *previous* to the examinations.

These scholarships are to be awarded annually on the basis of competitive examinations. These examinations consist of a series of objective tests, designed to measure aptitude and achievement and are held in June of each year.

The holder of a scholarship will be required to maintain a high rank for proficiency, diligence and good conduct. An average of 80 per cent must be attained by all who hold scholarships.

The decision of the Board of Admission is final in determining the award of scholarships.

The following students were awarded the McGarry Scholarships in June, 1950:

Raymond J. Champoux
Ann M. Cox

Joan M. McDermott
Marie T. O'Connor

THE MICHAEL J. HARDING, S.J., SCHOLARSHIP

In September, 1948, the Michael J. Harding, S.J., Scholarship was created. This is a full scholarship of two hundred dollars annually for six successive years, and was founded to honor the memory of Father Harding, former Dean of the Intown College.

This scholarship is to be awarded annually on the basis of a competitive examination to be held in September of each year. Candidates for the Michael J. Harding, S.J., Scholarship must meet the same requirements and follow the same procedure as outlined for the William J. McGarry, S.J., Scholarships.

The winner of the Michael J. Harding, S.J., Scholarship in September, 1950, was Arlene M. Barron.

ADMISSION TO ADVANCED STANDING

Students who have pursued studies in duly accredited colleges may receive credit for their scholastic work, provided it has been done in acceptable subjects and is of high standard.

Admission to advanced standing will be conditioned by the following considerations:

1. A minimum of sixty (60) semester hours credit must be earned at Boston College to qualify the student for a Boston College degree. This is a minimum requirement; it is *not* a guarantee that the maximum amount of credit in transfer will be accepted in any particular case.

2. To be acceptable, credit must represent work which is applicable to a current curriculum at Boston College Intown, and must be equivalent in content and quality to the courses for which it is offered as a substitute.

3. Only courses in which the applicant has received a grade of at least C will be considered.

4. The maximum credit in transfer which can be allowed for one full year of work will be thirty (30) semester hours.

5. Allotment of credit in transfer will not be given until the student has earned twenty (20) semester hours of credit at Boston College Intown.

An applicant for advanced standing must file the following:

1. An official transcript, including certificate of honorable dismissal, which must be forwarded to the Registrar of Boston College Intown by way of direct transit from the office of the Dean or Registrar of the College previously attended. Personal presentation of such records by the applicant will not be accepted as official.

2. An official and complete statement of entrance credits and conditions.

VETERANS

All veterans entering Boston College Intown under Public Law 346 must obtain an original or supplemental certificate of eligibility from the Veterans Administration and present it to the school office *at the time of registration*.

Veterans who fail to present a certificate must make the regular tuition payment at the time of registration. Payments will be refunded after the certificate has been submitted and approval has been received from the Veterans Administration.

DEGREES

BACHELOR OF ARTS with major in English or Social Sciences.

BACHELOR OF SCIENCE with major in Accounting, General Business, Social Sciences or English.

ASSOCIATE IN ARTS. This degree will be awarded to those who complete satisfactorily the first three years of the prescribed A.B. or B.S. programs. It will not apply to the B.S. Business Administration program and applies only to students entering as of Sept., 1948 and later years.

PRE-LEGAL REQUIREMENTS

Students may meet academic requirements for admission to Boston College Law School upon the successful completion of three years of any of the degree programs at Boston College Intown.

SPECIAL STUDENTS

A limited number of applicants, who cannot meet the requirements for admission as regular students, may be accepted as *special students*, at the discretion of the Committee on Admissions. Special students must take courses under the same standards and conditions as regular students.

AUDITORS

A limited number of persons who desire to register for particular courses, without being candidates for a degree, may be admitted as *auditors*, at the discretion of the Committee on Admissions. Auditors are not required to take examinations, and collegiate credit will not be given for such work.

The fee for auditing a course is \$10.00 per semester hour. Auditors do not pay Library or Student Activity fees. *Auditors must make full semester payment of the tuition and registration fee on the day of registration.* No refunds are made to auditors.

STUDENT RESPONSIBILITY

Each student has the responsibility of being thoroughly informed about the regulations of the College as outlined in this bulletin and other regulations and announcements posted on the College Bulletin Board.

REGISTRATION

September 4 - September 7—1:00 - 4:00 P.M. and 5:00 - 9:00 P.M.

September 8—9:00 A.M. - 12:00 Noon.

January 2-January 12—Registration period for second semester for *all* students. *New registrants* must pay one-half the semester tuition fees on the day they register.

ANNUAL EXPENSE REQUIREMENTS

GENERAL FEES

Each course per semester hour credit	\$ 12.00
Prescribed group program for full time students (each year)	200.00

Library (intersession-not refundable)	2.00
Student Activity (not refundable)	5.00

SPECIAL FEES

Entrance Examination	\$ 5.00
Change of Registration	3.00
Condition Examination	5.00
Absentee Examination	5.00
*Certificates, Marks, etc.	1.00
Laboratory	15.00
Graduation: Bachelor's degree	10.00
Associate in Arts degree	10.00
Deferred payment	5.00

(These fees are not refundable)

*—No transcript will be sent from the Registrar's Office during periods of Final Examinations and Registration.

Holders of scholarships are not exempt from the payment of Registration, Library, Student Activity and Laboratory fees at the time prescribed.

On the day of registration, students must pay the Registration, Student Activity, Library fees, (and Laboratory fee if prescribed), plus one-fourth of the annual tuition.

The balance of the tuition is payable in three equal installments on or before the dates in the Academic Calendar. Failure to meet the tuition obligations on the dates assigned incurs a fee of \$5.00 for deferred payments.

Auditors are required to pay the full semester tuition and the registration fee at the time of registration. No refunds are made to auditors.

Special students who register for more than one course are required to pay the Library and Student Activity fees.

Any arrangements for payments of tuition other than that listed must be approved by the Dean and no student will be admitted to either the mid-term or final examination unless all financial obligations have been satisfied.

OFFICE HOURS FOR PAYMENT

1. Monday of each week.
2. Entire week preceding listed payment date. (cf. Academic Calendar.)
3. Registration Week.

N. B. — Payment by mail is encouraged. Checks and money orders for the exact indebtedness only will be honored.

The balance of the tuition is payable in three equal installments on or before the dates in the Academic Calendar. Failure to meet the tuition obligations on the dates assigned incurs a fee of \$5.00 for deferred payments.

Any arrangements for payments of tuition other than that outlined above must be approved by the Dean and no student will be admitted to either the mid-term or final examination unless all financial obligations have been satisfied.

WITHDRAWAL FROM COURSES AND REFUNDS

A student who withdraws from any course must notify the Office of The Registrar in writing. Withdrawal from the course will become effective as of the date on which the Office receives the notice. This date also applies to refunds. In default of such notice, refund on tuition cannot be expected. Failure to conform to this regulation is prejudicial to honorable dismissal as well as to readmission to the College. *Just ceasing to attend class does not constitute withdrawal.*

Fees are not refundable. If a student gives written notice of withdrawal before the expiration of the first two weeks of class, two-thirds of the first quarter's tuition will be refunded; before expiration of third week of class, one-third; and after the first three weeks of class, no refund will be granted.

ADMISSION TO CLASS AND EXAMINATIONS

For admission to any class an admittance card must be obtained from the Office of the Registrar and presented to the professor conducting the class.

For admission to the mid-year and final examinations a similar card for each course must be obtained from the Office of the Registrar and presented to the proctor.

APPROVAL OF PROGRAMS

Students enrolled at Boston College Intown as candidates for a degree must follow a curriculum prescribed by the College.

Such students will not be permitted to follow courses in any other college at the same time without the permission of the Dean. Those who are not candidates for a Boston College degree are not included in this prescription.

ABSENCE FROM CLASS

Absences are not to exceed 10 per cent of the lectures for any course for the *current* semester. Certified excuses must be filed with the Registrar immediately on return to classes, *not* at the end of the semester. Absences in excess of 10 per cent disqualify the student from receiving credit for the course.

EXAMINATIONS

Written examinations are held at the close of each semester on the subject matter completed in that semester. Students who fail to receive a passing grade of 60% in the semester examination, but who have received a passing grade for their class work, are allowed to take a condition examination. The mark for a condition examination is never more than a passing grade of 60%. Absence from a condition examination automatically results in a deficiency and the entire course must be repeated.

Students who have not received a passing grade of 60% in class work, tests, recitations, and assigned readings, incur a deficiency, and are not eligible to take the semester examination in the course.

Students who are absent from examinations may be permitted to take an absentee examination with the Dean's approval provided a certified and acceptable reason for the absence is filed with the Dean within one week of the incurred absence. Such students will be granted the full mark attained in the examination. No condition examination will be allowed to students who fail in their absentee examination.

SCHOLASTIC STANDING

Degree students with three failures in any semester will be dropped from the College register. An over-all average of at least C (70%) is required for graduation. Students falling below this average will be placed on probation.

REPORTS

Results of the mid-year and final examinations will be sent to the students through the mails. Grades will not be announced to the students either privately or publicly by professors without the permission of the Dean.

TRANSCRIPTS OF RECORDS

Official transcripts of records cannot be given to students or graduates, but must be mailed directly to institutions or persons considering the applicant for admission or employment. The first transcript is furnished free. A fee of one dollar is charged for each additional copy. No transcripts are issued during examination or registration periods.

MODERN LANGUAGE

Students who have had no high school training in a modern language must begin one of the elementary courses which are offered in the following pages. Students who have had two years' study in high school should register for the intermediate courses in the same language. Students who have had more than two years' training in high school may register for advanced courses in the same language. All students may begin work in the elementary class of a language other than that which they studied in high school. The twelve (12) required credits must be earned in the same modern language.

SCIENCE

Every candidate for the Bachelor's degree, with the exception of students enrolled in the Business Administration program, will be required to earn six (6) semester hours' credit in Science.

ELECTIVES

In order to give unity to elective studies, the student should select one elective branch as a Major or Field of Concentration. In this decision the main factor should be the student's prospective vocation in life. When this choice has been made, eighteen (18) semester hours of instruction should be taken in the same subject or in subjects so closely allied as to form a well unified field. These courses must be of advanced undergraduate calibre.

This arrangement of elective studies will equip the student to continue graduate studies in his chosen field. In all cases it is to be plainly understood that whatever a student's Major may be, he is always obliged to follow the basic curriculum prescribed for the Bachelor's degree.

The following departments afford advanced undergraduate courses in which the Major or Field of Concentration may be chosen:

English

Social Sciences

Accounting

THEOLOGY

Th 1-2—Divinity of Christ I and II.

Revelation, natural and supernatural, is the first topic studied in this course; this is followed by an analysis of Miracles and Prophecies as the guarantees of Revelation. The Documents of Christian Revelation and their historic value are next examined. The authenticity, integrity and reliability of the four Gospels is then established. From these proofs are then drawn to establish the Divinity of Jesus Christ, the divine origin of His mission and His Doctrines and the Divine approval of the Christian Religion established by Him.

Two semesters

Two semester hours credit

Friday—7:30-8:20

Th 21-22—The Church of Christ.

This course, assuming Theology 1, goes further to prove the Catholic Church as The Church established by Christ. The designation of the Apostolic College as an authentic and authoritative teaching and ruling body is first examined; this is followed by an analysis of the promise and conferring of the Primacy of Jurisdiction on St. Peter. The nature and character of Christ's Church, the marks which it was to have, are then studied as they appear from His declaration in the Gospels and from inferences drawn from these statements. These are then applied to the religious bodies of the world with a view to determining the Catholic Church as The Church established by Christ. Detailed study is then made of certain special questions such as Papal Infallibility, Papal Jurisdiction, the Bishops and Councils, the relations of Church and State.

Two semesters

Two semester hours credit

Friday—7:30-8:20

Th 31-32—The Sacraments I.

Attention here is devoted chiefly to the Sacraments as the means of Grace. The nature and efficacy of the Sacraments are explained in general, together with certain questions connected with these topics. Then the three Sacraments of Baptism, Confirmation and the Holy Eucharist are examined in detail. The Holy Eucharist is discussed as both Sacrament and Sacrifice and the nature of the Sacrifice of the Mass is explained.

Two semester hours credit

Thursday—7:30-8:20

Th 41-42—The Sacraments II.

This course completes the discussion of the Sacraments as means of Grace which is begun in Th 31-32. The course begins with a treatment of the Sacrament of Penance, and the related question of Indulgences. Then the last three Sacraments are taken up in succession: Extreme Unction; Holy Orders; Matrimony.

Two semesters

Two semester hours credit

Not offered 1951-52—Offered on alternate years

Th 51-52—God the Creator.

The first part of this course takes up the question of the creation of the world and its various component elements, together with certain related questions of modern interest. The second part of the course examines the state of Original Justice in which our first parents were established and their loss of this state and its privileges by Original Sin; the consequences of this sin are then studied, together with the related question of the Immaculate Conception of Mary, the Mother of God. The course concludes with a discussion of Eschatology: the General Judgment; Heaven; Hell; Purgatory.

Not offered—1951-52

Th 61-62—God the Redeemer.

This course makes an intimate study of the Mystery of the Redemption, beginning with a study of the Person of the Redeemer. The associated Mystery of the Incarnation of the Second Person of the Trinity is studied, and both mysteries are examined as far as revelation and human reason can go. The Hypostatic Union of the divine and human natures in the one divine person of Jesus Christ is studied, together with many questions involved in this, such as the divine and human wills of Christ, theandric actions, etc.

Not offered—1951-52

Th 111-112—History of the Mass.

Complete treatment of the supreme act of Catholic worship and the literary art, the architecture and music which have surrounded it during twenty centuries.

INSTITUTE OF ADULT EDUCATION

The Institute of Adult Education is independent of the Evening College and is for the benefit of those who have not the desire or the formal academic requirements to pursue courses for academic credits or degrees but who would like to continue their education. The Boston Diocesan Paper, *The Pilot*, has written of this adult education at Boston College:—

“The announcement of the opening of another session of the Boston College Institute of Adult Education projects once more into public attention one of the most helpful educational ventures launched in this locality for many a day.

“The great Jesuit institutions of learning in this state have for a long time, almost single-handed, provided whatever Catholic higher education we have. But many of our people, and not Catholics only, whose way of life has precluded attendance at these colleges, have viewed with envy their more fortunate brothers and sisters.

“The Boston College Institute of Adult Education offers solace for this legitimate envy. The great corps of university professors who staff the well-known institution at Chestnut Hill is lavishly drawn upon to provide lecturers on a variety of subjects simple and abstruse. Their efforts are augmented by others who have equal competence in their fields.

“The Adult Institute is conducted in an adult way. The ‘grown-up’ of whatever age can select courses as he or she wishes, ‘drop’ them at will, ‘cut classes’ or not as the weather or whim suggests. There are no examinations to hold the mirror up to either nature or grace. All in all, the result is a very happy one. Three years of most successful experience have proved this.”

Editorial, *The Pilot*, Jan. 2, 1948.

The Institute of Adult Education will conduct a seven-week Fall Session in October and November and a seven-week Winter Session in January and February. Courses will be offered in Current Events, Labor, Public Speaking, Philosophy and Literature. Descriptive folders will be sent on request. Address Boston College Institute of Adult Education, 126 Newbury Street, Boston 16.
